

Aditya Verma

Data Scientist

Gurugram, Haryana | +91 98100 01234 | aditya.verma@email.com | linkedin.com/in/adityaverma

PROFESSIONAL SUMMARY

Data Scientist with 6 years of experience building predictive models and machine learning pipelines for healthcare and fintech applications. Strong foundation in statistics, Python, and large-scale data processing.

PROFESSIONAL EXPERIENCE

Senior Data Scientist — Paytm Analytics

2020 - Present

- Built a fraud risk-scoring model that improved detection accuracy by 31% across digital payment transactions.
- Developed an automated feature engineering pipeline using Spark, cutting model training time by 50%.
- Lead a team of 3 data scientists on a credit risk product used by 40+ partner banks.
- Present model performance and business impact findings to executive stakeholders quarterly.

Data Scientist — Fractal Analytics

2017 - 2020

- Designed fraud detection models that reduced false positives by 27% while maintaining detection rates.
- Built dashboards in Tableau to monitor model drift and data quality across 5 production pipelines.

EDUCATION

M.Tech in Computer Science — Indian Institute of Technology, Delhi

2015 - 2017

B.Tech in Computer Science — Delhi Technological University

2011 - 2015

SKILLS

Python • Scikit-learn • PySpark • SQL • Tableau • Machine Learning • A/B Testing • Statistical Modeling

CERTIFICATIONS

- AWS Certified Machine Learning - Specialty
