

Arjun Sharma

Senior Software Engineer

Bengaluru, Karnataka | +91 98450 12345 | arjun.sharma@email.com | linkedin.com/in/arjunsharma

PROFESSIONAL SUMMARY

Senior Software Engineer with 8+ years building scalable backend systems and distributed services. Specializes in Java, Python, and cloud-native architecture on AWS. Proven record of reducing system latency and leading cross-functional engineering teams.

PROFESSIONAL EXPERIENCE

Senior Software Engineer — Infosys Digital Labs

2020 - Present

- Led redesign of the core payments microservice, reducing P99 latency by 42% and supporting 3x transaction volume.
- Mentored a team of 5 engineers, establishing code review standards that cut production incidents by 30%.
- Architected migration from monolith to event-driven microservices using Kafka and Java Spring Boot.
- Partnered with product to scope and deliver 12 major features across 3 release cycles per year.

Software Engineer II — Mindtree Solutions

2017 - 2020

- Built REST and GraphQL APIs serving 2M+ daily active users.
- Implemented CI/CD pipeline with Jenkins and Docker, cutting deployment time from 2 hours to 15 minutes.
- Optimized PostgreSQL queries, improving dashboard load times by 55%.

Junior Developer — Persistent Systems

2015 - 2017

- Developed internal tooling in Python that automated weekly reporting, saving 10 hours/week.
- Contributed to front-end features using React and Redux.

EDUCATION

B.Tech in Computer Science — Indian Institute of Technology, Bombay

2011 - 2015

SKILLS

Java • Python • AWS • Kubernetes • PostgreSQL • Kafka • System Design • REST/GraphQL APIs • CI/CD

CERTIFICATIONS

- AWS Certified Solutions Architect - Professional
- Certified Kubernetes Administrator (CKA)
